

## Home Equity Early Disclosure

### IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT PLAN

This disclosure contains important information about our Home Equity Line of Credit Plan. You should read it carefully and keep a copy for your records.

**AVAILABILITY OF TERMS:** All of the terms described below are subject to change. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you pay to us or anyone else in connection with your application.

**SECURITY INTEREST:** We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

**POSSIBLE ACTIONS:** We can terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if (1) you engage in fraud or material misrepresentation in connection with the plan; (2) you do not meet the repayment terms of this plan, or (3) your action or inaction adversely affects the collateral or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if (1) any reasons mentioned above exist; (2) the value of the dwelling securing the line declines significantly below its appraised value for purposes of the line; (3) we reasonably believe that you will not be able to meet the repayment requirements due to a material change in your financial circumstances; (4) you are in default of a material obligation of the agreement; (5) government action prevents us from imposing the annual percentage rate provided for in the agreement; (6) the priority of our security interest is adversely affected by government action to the extent that the value of the security interest is less than 120 percent of the credit line; (7) a regulatory agency has notified us that continued advances would constitute an unsafe and unsound business practice, or (8) the maximum annual percentage rate is reached.

**MINIMUM PAYMENT REQUIREMENTS:** The length of the draw period will be 10 years. During the draw period your monthly payment will equal the finance charges (interest) that accrued on the outstanding balance during the preceding month. At the beginning of the repayment we will recalculate your payment. Your payment will be set to repay the balance at the current annual percentage rate over 15 years. Each time the annual percentage rate changes, we will adjust your payment to repay the balance with the original 15 years. Your payment will include any amounts past due and any amount by which you have exceeded your credit limit and all other charges.

**MINIMUM PAYMENT EXAMPLE:** If you made only the minimum monthly payment and took no other credit advances it would take 25 years to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of 8.5%. During that period, you would make 120 payments of \$65.21 to \$72.19, followed by 179 payments of \$98.49 and one (1) final payment of \$98.05.

**PROPERTY INSURANCE:** You must carry insurance on the property that secures this plan. If the property is located in a Special Flood

Hazard Area we will require you to obtain flood insurance if it is available.

**REFUNDABILITY OF FEES:** If you decide not to enter into this plan within three business days of receiving this disclosure and the home equity brochure, you are entitled to a refund of any fee you may have already paid.

**FEE REIMBURSEMENT:** We may pay some third party closing costs associated with this home equity line of credit on your behalf. If you close the home equity line of credit within 24 months of opening, you will be required to reimburse us for the bona fide third party fees paid on your behalf, as permitted by applicable law.

**TRANSACTION REQUIREMENTS:** After you obtain the first advance, the minimum amount of each subsequent advance is \$500.00.

**TAX DEDUCTIBILITY:** You should consult a tax advisor regarding the deductibility of interest and charges for the plan.

**VARIABLE RATE FEATURE:** This plan has a variable rate feature and the annual percentage rate (corresponding to the periodic rate) and the minimum payment may change as a result. The annual percentage rate includes only interest and no other costs. The annual percentage rate is based on the value of an index. The index is the Prime Rate published in the Money Rates column of *The Wall Street Journal*. When a range of rates has been published the highest rate will be used. We will use the most recent index value available to us as of 1 day before the date of any annual percentage rate adjustment. To determine the annual percentage rate that will apply to your account, we add a margin to the value of the Index.

**MARGIN:** The margin you qualify for is based on certain credit-worthiness criteria and your loan to value ratio. Your margin may be higher or lower than the one shown in the Historical Table. Please ask a loan officer for the margin for which you qualify. After you open a plan, rate information will be provided on periodic statements that we send you.

**RATE CHANGES:** The annual percentage rate can change on the first day of each month. There is no limit on the amount by which the annual percentage rate can change during any one year period. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 18.0% or the maximum permitted by law, whichever is less. However, under no circumstances will your **ANNUAL PERCENTAGE RATE** go below 3.5% at any time during the term of the plan.

**MAXIMUM RATE AND PAYMENT EXAMPLES:** During the draw period, if you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18.0% would be \$152.88. This annual percentage rate could be reached at the time of the 1<sup>st</sup> payment.

During the repayment period, if you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18.0% would be \$161.11. This annual percentage rate could be reached at the time of the 1<sup>st</sup> payment.

HISTORICAL EXAMPLE: The following table shows how the annual percentage rate and the minimum payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are as of the last business day of January of each year. While only one payment per year is shown, payments may have varied during each year. The table assumes that no

additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.
